

Sponsorship Program

Dear Sponsor,

This will be the fifth year for the Leadership Fremont County program, which was started jointly by the Riverton and Lander Chambers of Commerce. Initial funding was originally provided by the Wyoming Business Council through its regional representative, Roger Bower. The objectives for Leadership Fremont County are:

- To identify participants with potential for community leadership
- To acquaint these leaders with community issues, resources and opportunities
- To increase the leadership skills of the program participants
- To provide participants with opportunities to exchange ideas with each other and community leaders
- To assist participants in finding roles in their communities
- To encourage graduates to continue involvement by participating in the Leadership Alumni Association

Participants spend one whole day each month discussing issues, concerns, and problems related to education, social services, public policy, government relations, economic development, tribal history and relations as it relates to Fremont County.

In order to maintain a productive program and obtain these objectives that will benefit everyone in our county, we need your support. Costs to provide quality training is rising and we must keep participant fees as low as possible to encourage participation so we are asking for your help. We have set up three levels of sponsorship. The money will be used to pay for speakers, facilities, meals and supplies. By choosing one of the following sponsorships you receive advertising on several radio stations, the Chambers of Commerce monthly newsletters, and in the Riverton Ranger. We appreciate your help and support!

Sincerely,
Leadership Fremont County Board of Directors
